## Message From The Mayor *by Brenda Bell Guercio*

I hope everyone had a great Christmas and New Year. I know you all appreciated how beautiful our Town Hall looked during this Christmas season. We can thank our Town Clerk, Joan Downs, who decorated inside and out using her own decorations and her own two hands! It made the Town Hall look so warm and inviting to all who came to use the facility or even those who just passed by.

Following our last meeting in December, about thirty residents gathered for refreshments and socializing. It was good to get together with neighbors to relax and visit and have a bite to eat. Those of you who missed it this year, please remember to join us next time.

All is quiet in Indian Springs Village right now. May Peace on Earth and our Village continue into this New Year of 2014.

*Brenda Bell Guercio*

# Town Council Meeting

December 3, 2013

The Indian Springs Village Town Council met at the Town Hall on Tuesday, December 3, 2013. The Mayor called the meeting to order at 7:00 p.m. and led the Pledge of Allegiance. The City Clerk called the roll and all council members were present except Councilwoman Kathryn Harrington and Councilman Brian Stauss.

The council meeting minutes of November 19th were reviewed and accepted by the council as written.

Fire Chief Tyler reported a total of 149 calls were responded to in November, 61 fire and 88 medical related. He noted the remodel of the kitchen at Fire Station #1 was finished today and invited everyone to drop by to see the results. He also noted that they are partnered with Hoover Fire Department in Operation Grateful Heart. Toys are collected and donated to the children of our Veterans. Toys will be accepted until Christmas Eve. An ISV E-Blast will go out to promote this effort.

PAZ Chairman, Wayne Jones noted the Indian Springs Village Alabama Flood Damage Prevention Ordinance hearing date is set for December 17, 2013. The council will hear the request to include changes to Article 4 Section B and Section D to change the building requirement for residential construction from a (BFE) Base Flood Elevation plus 3 feet to 1 foot above base flood elevation.

Councilman Herb Robins reported that donations to the Children's Fund were continuing to come in but perhaps one more Email Blast would be helpful. The town normally spends approximately \$200 per child and averages helping 20-25 children.

Councilman Trammell presented an amendment to the Zoning Ordinance, relative to the appointing authority and members' residency requirements. The proposed amendment will go to PAZ for review. PAZ will make a recommendation and send back to council for a vote.

Trammell also presented an ordinance to accept an annexation petition for property located at 150 Red Stick Road. A discussion followed. As this ordinance is of a permanent nature, Trammell moved to suspend the rules and Robins seconded. The roll call vote was unanimous. Trammell made a motion to accept the ordinance as presented and Robins seconded the motion. The ordinance passed unanimously.

Mayor Bell-Guercio reminded everyone of the Christmas party following the Town Council meeting December 17th.

The Mayor adjourned the meeting at 7:34 p.m.

Respectfully submitted,  
Joan Downs, City Clerk

# Indian Springs Garden Club Celebrates with Annual Party

by Ruth Goodwyn, ISV Garden Club Publicity Chair

The weather outside was frightful, with rain, thunder and lightning. Inside Jennie Pittman's house on Arrowhead Lane, it was cozy, festive and decorative. On Sunday, December 8, Garden Club members gathered for their annual Christmas Party at 1:00 p.m.

Many delicious dishes had been prepared for the occasion, attended by about 10 members, who brought gifts and afterwards played "Dirty Santa." It wasn't until late afternoon that Jennie learned her phone, TV, etc. had gone out during the storm.

President Liz Alosi had announced earlier that she would be willing to serve another term, and it was consensual that other officials would do likewise. The officers will serve two more years beginning January 2014. The red aprons, used during the years the Garden Club held greenery sales prior to Christmas, had been returned to the club by Pat Zerkis, "Keeper of the Aprons," who, with husband, former mayor Steve Zerkis, have moved from Indian Springs. Since the club no longer holds greenery sales, the aprons were returned to the members.

Each member is expected to wear a red apron at the next club meeting Thursday, January 23, 2014, 6:30 p.m., at the Town Hall.

# Shelby County to Offer Christmas Tree Recycling

Published Friday, December 27, 2013 – *SHELBY COUNTY REPORTER*

Shelby County, in conjunction with the City of Chelsea, City of Pelham and Propst Alabaster, LLC, is offering a Christmas tree recycling program at five areas in the county, according to a news release from the county.

The program will take place Dec. 26, 2013-Jan. 4, 2014 at the following locations:

- Heardmont Park on Cahaba Valley Road – U.S. 119
- Chelsea City Hall in Chelsea
- Ray Building off Highway 70 in Columbiana
- Propst Alabaster, LLC (the former Colonial Properties Alabaster) located at the end of AmStar Theatre parking lot
- Pelham City Park located off the U.S. 31/U.S. 119 entrance in Pelham

All drop areas will be located in parking lots and designated with orange traffic cones and signage and will be monitored daily.

“We plan to recycle the Christmas trees into landscape and erosion/sediment control materials for county facilities and decrease the volume of illegal dumping that occurs each year,” County Manager Alex Dudchock said in the news release.

You'll meet some of the AWC staff and volunteers, have an opportunity to get answers to your questions and enjoy a brief tour of our facility. Confirm the date and register online at [www.awrc.org](http://www.awrc.org). If your schedule does not permit you to register in advance, you can simply arrive a few minutes early to complete your registration in person. Quiet children are invited to attend, but please note

that the minimum age to volunteer is 18 (16 accompanied by a parent).

**1/12/14, Sunday, 1:00 p.m. & 3:00 p.m.: Audubon Teaches Nature – An Introduction to Birds of Prey, Becky Collier, Guest Speaker.** Refreshments are offered at 12:30 p.m. in the AWC observation room followed by the programs at 1:00 p.m. and 3:00 p.m. in the auditorium. Due to popular demand, we are offering two programs, both of which will feature live birds “on the glove.” Seating is limited: pre-registration is required. You may pre-register by calling 205-663-7930, ext. 4.

We are fascinated by birds of prey: they have keen eyesight, sharp talons and are adept hunters of both birds and animals and, fortunately for us, Alabama is home to several interesting species. Your children will long remember these encounters with live birds of prey - be sure to bring a camera to capture the moment!

**COST: Free after paid admission to Oak Mountain State Park: \$1 per child 6-11 & Seniors 62+; \$3 Adults.**

# February Is National Children's Dental Health Month

When it comes to your children's health, prevention is the key. According to the American Academy of Pediatrics, tooth decay is the most common chronic children's disease in the country. It is estimated that 42% of children between the ages of 2 and 11 have developed cavities in baby teeth. This can lead to difficulty eating, sleeping and smiling. The good news is that tooth decay is completely preventable.

Cavities form when the germs from plaque mix with sugars and carbohydrates in the mouth. Acids form from this combination and can attack the outer surfaces of the teeth. There are several things that can be done to minimize this threat. The American Dental Association recommends checking your child's teeth as soon as they start to erupt. The first tooth erupts between 6 and 9 months of age, and by age 3 your child should have 20 primary teeth. Parents should begin to brush their child's teeth as soon as they appear. According to the

American Academy of Pediatrics, the best time to clean your baby's teeth is after breakfast and before bedtime. For kids under the age of 2, only a pea size amount of toothpaste should be used. Fluoridated toothpastes offer great cavity protection and should only be used in children who are old enough not to swallow it. Primary teeth are susceptible to cavities in between them, so it is important to floss teeth that touch each other to remove gumline plaque.

Another way to help in the risk of cavities is starting your child on a healthy diet. Sugary snacks and starchy foods contribute to the acid formation that weakens enamel. Food choices can affect how quickly tooth decay in children develops. Incorporating whole grains, low fat dairy and crunchy foods help to nourish and strengthen not only baby teeth but also permanent teeth. Also, swap sugary drinks in sippy cups at bedtime for water. Fruit juices and milk in their sippy cups can increase their risk of a condition called Baby Bottle Caries. This is seen mostly in the front teeth and can be either white or brown in color. The enamel is softened and the teeth will develop holes that will need to be filled by their dentist.

Good childhood dental care starts with regular visits to the dentist's office. Why? Recognizing the early signs

of tooth decay in children is not always easy. Your dentist can tell you if there are any problems and can recommend something to help protect against decay, including concentrated fluoride treatments and dental sealants. Children should start seeing the dentist 6 months after the first tooth appears, or by age 1. This will insure potential problems are caught early.

When your child begins to get their first baby tooth, it is natural, as a parent, to start thinking about the best way to care for them so they can have healthy teeth and gums as they get older. Starting early is the key and hopefully your child will be cavity free.
