AIRWAVE

January 23, 2017

Indian Springs Garden Club
2635 Cahaba Valley Rd
Indian Springs, AL 35124

Dear Indian Springs Garden Club,

I am volunteering for **Black Warrior Riverkeeper**, **Cahaba Riverkeeper**, and **Coosa Riverkeeper** to organize the 2nd Annual "AirWave" concert fundraiser for them at Good People Brewing Company on March 25, 2017.

The FREE public event features live bands, lots of talented artists and exhibitors, local food trucks, a lush hospitality suite, and much more. Sponsorships, raffles, merchandise sales, optional donations, and 20% of beer sales will support these three Riverkeeper organizations.

All three Riverkeepers work to rid the river of untreated sewage, chemicals, sediment, and other pollutants that threaten the public's ability to drink clean water, swim, and fish. They also give educational presentations to schools and civic groups.

I have printed a partnership form on back of this letter. Your tax receipt will come from Black Warrior Riverkeeper, but proceeds will be split evenly between these three local Waterkeepers. In other words, **the event will truly protect all of the Greater Birmingham area's vital water resources!**

With you in the fight for clean water,

A handwritten signature in black ink that reads "Dan Morriss". The signature is written in a cursive, flowing style.
