## Message From The Mayor *by Brenda Bell Guercio*

In view of the recent Boston Marathon bombing and, in recent weeks, the marking of Holocaust Memorial Day, I wanted to share with you an excerpt from “Declaration of Rights” by Janusz Korczak. Korczak was a Polish educator, children’s author and pediatrician who spent years as the director of an orphanage in Warsaw. He refused freedom and stayed with the children so they would not be afraid when the train came and took them all to Treblinka Nazi Death Camp. The following is an excerpt from his writings concerning the Rights of the Child:

1. The child has the right to love.  
“Love the child, not just your own.”
2. The child has the right to respect.  
“Respect the mysteries and the ups and downs of that difficult task of growing up.”
3. The child has the right to be himself or herself.  
“A child is not a lottery ticket, marked to win first prize.”
4. The child has the right to mistakes.  
“There are no more fools among children than among adults.”
5. The child has the right to fail.  
“We renounce the deceptive longing for the perfect child.”
6. The child has the right to protection.  
“We undertake to protect the child from all forms of violence and abuse.”
7. The child has the right to respect for his secrets.  
“If a child trusts you with his secret, be grateful, for his confidence is the highest prize.”
8. The child has the right to respect for his belongings.  
“No matter how insignificant or valueless—they are not just bits of rubbish!”
9. The child has the right to respect for his grief.  
“Even though it be for the loss of a pebble.”
10. The child has the right to a future on this planet.  
“We still plunder the mountains, cut down the trees and destroy the animals.
11. The child has the right to happiness.  
“Let children drink the joy of the morning. Show them love, kindness and understanding—set an example.”

Each of us is someone’s child, someone’s son or daughter. I hope we can all continue to promote peace in our own households, in our community, our country and the world at large. Peace for us, for our children and grandchildren, and the future generations to come.

# Town Council Meeting

March 19, 2013

The Indian Springs Village Town Council met at 7:00 p.m. at the Town Hall. The President Pro-Tempore Robins called the meeting to order and the City Clerk called the roll. All council members were present except Mayor Guercio and Council Member Kathryn Harrington. Robins reviewed the agenda.

The March 5 meeting minutes were reviewed and approved by the Council.

Robins reported for the PAZ. The PAZ met on March 12. Chairman Jones noted new member Murphy Lynch joined the committee effective February 26, replacing Kevin Miller. Robins thanked Miller for his many years of service. The committee reviewed and approved the preliminary plat for the Robertwood Estates subdivision.

Chief Tyler reported the fire department has received several outdoor burn complaints lately.

Deputy Dixon reported he received the usual, standard calls this month.

Mendel presented the February financial report and asked for endorsement by the Council. Stauss seconded the motion. The motion was accepted unanimously.

There was a discussion about construction signs on Cahaba Valley Road. Robins will contact Gary Ray.

Stauss reported that he and Harrington met with Flex Digital, regarding the website. He gave a synopsis of their proposal. They will meet with another website vendor tomorrow.

Robins gave an update on the school safety initiative. He and Mayor Guercio recently met with Dr. Lewis Brooks of the Shelby County Board of Education. Dr. Brooks clarified the proposed number of officers per school zone would be a minimum of one per zone rather than one per zone as previously stated by Superintendent Fuller, depending on funding. The BOE plans to approach the Shelby County Commission regarding funding for the initiative. Per Robins, Mayor Guercio indicated she would like one officer per school. Funding will be discussed later.

The Easter Egg Hunt will be March 30 at 3:00 p.m. Volunteers are still needed for setup at 9:00 a.m. and 2:30 p.m. Mendel thanked Dr. Lisa Wilson for her donation to the event.

At the next council meeting, an environmental attorney with the Southern Law Center will discuss concerns about the proposed construction of the northern beltline.

Ron Luster and City Engineer, Frazier Christy, have been appointed to look at the Andrews property on Pawnee for clean-up.

Robins spoke with Gary Ray about replacing the mailbox at Town Hall. A metal post cannot be more than two inches in diameter. Robins also spoke with County Engineer, Scott Holladay about the recent road paving

request. Holladay said six of the nine roads listed as high priority by ISV are already on the County's paving list and they are reviewing others. Bids will be let on April 18.

Robins opened the floor for comments from residents. A resident reported a large tree was damming Bishop Creek. He and family members cut up and removed most of the tree, but some pieces washed under the bridge. He requested that Robins contact the County to see if they could remove the debris from under the bridge.

The Marine Corps League will be starting a new detachment for the Hoover/North Shelby area. They would like to meet at the Town Hall. Robins asked the resident to contact Tricia Crapet for reservations.

Another resident asked if the City had done anything for County Manager Dudchock's family. Robins responded that the Council sent a sympathy card to the family.

The meeting was adjourned at 7:36 p.m.

Respectfully submitted,  
Kelly Rasco, City Clerk

The section between Highway 31 and Highway 280 will be completed first and is estimated to be complete by May. If residents have questions about the project they may contact Ray at 668-0173 or Todd Connell, Project Manager, in the evenings at 988-3264.

The tree debris has been removed from under the bridge at Indian Trail. Robins replaced the light bulb on the flag pole and resolved the issue with the sensor.

businesses: RSH Scott Howell Landscaping and Construction, The Painting Company and U.S. Nails.

Mendel reported that he received a complaint from a resident whose adjacent neighbors had moved and left a large amount of debris on their property.

There was a discussion about the City Engineer's contract.

The meeting was adjourned at 8:52 p.m.

Respectfully submitted,  
Kelly Rasco, City Clerk

## 100 Memorial American Flags to Fly in Indian Springs Village

*by Kathryn Harrington, Council Member*

Since the inception of our town and the beginning of our annual Fourth of July parade, many have dreamed of decorating our village on that important day with American flags flying from the many poles stationed along Cahaba Valley Road.

That dream is about to become reality!

Indian Springs Village has received permission from Alabama Power Company to place American flags on every power pole along Cahaba Valley road in our town limits to fly on the Fourth of July, Flag Day and Veterans Day.

In order to include the whole village in this effort, the flags will be memorial flags. One hundred, two foot by three foot flags, will be available for Indian Springs Village residents to buy in the name of someone they would like to honor. The name of the individual or family purchasing the flag and the name of the person they have chosen to honor will be memorialized on a plaque which will hang in the Town Hall and will be displayed in a special place of honor at the Indian Springs Village annual Fourth of July Bar-B-Q.

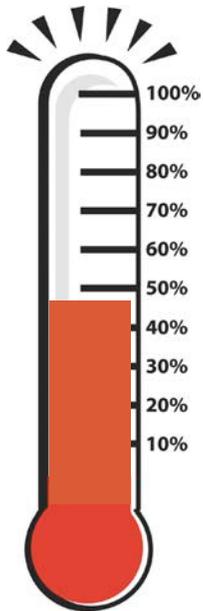

The cost to purchase one of the memorial flags will be \$40 dollars. This includes the flag, the pole and the bracket. Alabama Power Company engineers will be assisting with the installation of the brackets on the poles to hold the flags. Indian Springs Village will maintain the flags in the future making sure that any that become torn or soiled such that they are no longer suitable for flying are replaced when necessary.

If you are interested in purchasing a flag, send an email to me, Kathryn Harrington at [ksh@kathrynharringtonlaw.com](mailto:ksh@kathrynharringtonlaw.com). We have already had a lot of interest expressed by residents who have heard of the project from our Town Council meetings so, if you are interested, please get your name to me ASAP.

# HELP! HELP!

Help Us Meet Our Goal of Every Household in Indian Springs Village Receiving *The Village Voice* Online. We Need Your Email Address.

by Kathryn Harrington

Despite our efforts to get our residents to see the advantages of receiving *The Village Voice* online, so far we only have **380** email addresses for Indian Springs Village residents. We have **800** families and some of the email addresses we have are for more than one family member in a household. So, we have a long way to go to meet our goal of getting *The Village Voice* to everyone through online publication. Why is online receipt of *The Village Voice* an advantage to you?

1. If you receive *The Village Voice* online, you would save energy. You would not have to walk to the end of your driveway and stoop over and pick it up when it is delivered each month.
2. If you received *The Village Voice* online, you would not have to dry it out when you did not get to the end of your driveway to pick it up before it started to rain.
3. If you received *The Village Voice* online, you would not run over it with the lawn mower when it blew onto the grass before you had a chance to pick it up.
4. If you received *The Village Voice* online, you would not have to go and find it in the trash when you remembered there was a special article you wanted to show your spouse.
5. If you received *The Village Voice* online, you would be saving the environment. The couriers must drive their cars around delivering, thus polluting the air with gas fumes and *The Village Voice* printed version is printed on paper made from trees.
6. If you received *The Village Voice* online, you would get it in living color, receive it earlier, could follow links included in the online version and would see many more pictures of village events.

Please help us meet our goal of every household in Indian Springs Village receiving *The Village Voice* online. Send us your email address. Please send it to [myvillagevoice@yahoo.com](mailto:myvillagevoice@yahoo.com).

## Are You on the ISV Email List? by Brian Stauss, Town Council Place #3

We have nearly 400 email addresses on the ISV email blast, which is approaching 50% of the households in the city! If you signed up for the blast but have not received any emails from the city, it may be because we have recorded your email address incorrectly (approximately 30 email addresses are bouncing back). Please send an email to [myvillagevoice@yahoo.com](mailto:myvillagevoice@yahoo.com) and request a confirmation of your email address. There is no need to do this if you have received at least one email blast from the city. If you are not currently registered for ISV email blasts, send an email to this same address and request to be added.

## Garden Club Members See Results of Creek Walks

by Ruth Goodwyn, Publicity Chair, Indian Springs Garden Club

James R. Lowery, retired from the University of Alabama in Birmingham, presented the program at the Indian Springs Garden Club Thursday evening, April 25, at the Town Hall. Professor Lowery, who made a presentation on constructed wetlands for wastewater treatment to the club in 2009, this year talked about his walks in Shades Creek and its three major tributaries in the Birmingham area.

Why walk creeks? That question he answered by saying you can find out the creek's true origin and also what has ended up in it. Many creeks have started underground as springs that have been paved over and built on top of. You can also encounter many surprises. He was startled to go past the old Irondale Furnace and see two beaver dams. At other spots near Crestline Village and the Birmingham Country Club, he noticed huge horsetails, a wetlands plant and cattails. He found a watermelon growing on a vine on a gravel bar. In short, he has found everything in his creek walks, including the kitchen sink, and had the slides to prove it. "You really don't understand a creek until you walk in it," he said, adding that for him, it was an interesting, educational hobby which he did "Just because I want to."

He has documented his souvenirs from his walks in a six-page summary which include "enough auto parts to build a car," over 440 golf, 80 tennis and two bowling balls, poker chips, metal arrows and pieces of fishing equipment; ball-point pens, hubcaps, license plates, paint rollers, roofing shingles, a metal ladder, a fire hose, etc., etc.

His creek "finds" include a Polaroid photograph of a family, found in Shades Creek. Professor Lowery's wife, Peggy, named the father "Mr. Shadey" (for "Mr. Shades Creek") and he secured a male manikin which he clothed in items found in the creek beds and has placed somewhere on their property.

Following delicious refreshments prepared by Laura Jones, Eleanor Bennett, Jennifer Bondi, Jennie Pittman (chairman) and members of the Hospitality Committee, a brief business meeting was held by President Liz Alosi. It was preceded by devotional reading and prayer by Eleanor Bennett.

The May 23 meeting will be a plant sale among members at the Town Hall Pavilion.

## Gardeners Attend Bird-Banding Event at Fort Morgan in April

by Ruth Goodwyn, Publicity Chair, Indian Springs Garden Club

Some members of the Indian Springs Garden Club and friends, 11 in all, in April attended bird banding sessions at Fort Morgan, AL. The bird banding station is located in Fort Morgan State Historical Park, and is operational for two weeks each spring and fall.

Fort Morgan is the first and last departure point for thousands of migrating birds, and crews of trained and dedicated volunteers from the non-profit organization, The Hummer/Bird Study Group (HBSG) capture and band thousands of Neo-tropical migrant birds (songbirds) representing dozens of species, including the Ruby-throated hummingbird.

The birds are migrating through the Gulf Coast region on their way to and from Mexico and other warm-weather countries in the Southern Hemisphere. The volunteers monitor population levels and the general condition of migrant birds, noting the effects of weather and other environmental factors on the bird species. The banding is an effort to preserve birds by understanding the requirements for their survival. Each bird caught was banded, classified and checked carefully for care. After a brief explanation of each bird, they were let go by children who marveled at the sight of them, member Jennie Pittman reported.

Jennie said that, all-in-all, it was a great weekend, with the banding sessions, shopping, eating, viewing the lovely water and sky and being with friends. Most of the group had a chance to be pictured with favorite birds as they were caught in a very easy net and banded, some with Bob Sargent, who, with Martha Sargent of Clay, AL, founded HBSG, which began research programs in 1987. The original banding site was the Sargent residence.

Those making the trip were President Liz Alosi and her parents; Malcolm and Betty Miller and her sister, Margarette Hoomes; Lynn Henderson and friend, Dot Smitherman; Mary S. and Mary H. Bowman; member Liz Eich and Lynn Andrews (who formerly resided in Indian Springs); and Jennie Pittman.

## Red Foxes

*by Steve Zerkis, Villager*

Just want to alert everyone to the fact that we have red foxes in ISV. One or more have been seen off Indian Crest Drive near Mountain Park Drive. They typically go after animals and rodents but are known to eat almost anything including fruit and vegetables. They are beautiful small, reddish animals that look somewhat like a terrier with a long bushy tail. Remind your kids that they are wild animals. They will attack if they or their young feel threatened. Look but never try to touch or feed them. They rarely attack humans but may go after your small dog or cat. Please follow the same guidance you would with coyotes. Do not leave any food out at night. If you see one, just watch..They may be rabid.

## Farmers' Markets Are Returning

*by Steve Zerkis, Villager*

It's May, it's warm and it's the season for local farmers' markets in Shelby County. The closest is the Valleydale Farmers Market across from Jefferson State Community College on Valleydale Road. They will open on May 18. There will be other farmers' markets in Mt. Laurel, Helena and Columbiana, which will be open on Saturdays. The Calera farmers' market will be open on Tuesdays from 3:00-6:00 p.m.; Montevallo's farmers' market will be open on Mondays from 3:00-6:00 p.m.

Want to pick blueberries? Try the Morgan Creek Winery in Harpersville, daily starting June 15.

The biggest farmers' market in the area is at Pepper Place in Birmingham at 2nd Avenue South and 27th Street, and they are open on Saturday mornings. They also have cooking demonstrations and musical entertainment.

What they all have to offer is locally grown fruits and vegetables that can change weekly based on what is ready to be harvested. There may also be baked goods and crafts. If you like product that is fresh, local and has a real taste, try a farmers' market and buy directly from the farmer.

# Equine Networking Group Rides Into Town

by Kathryn Harrington, Council Member

On certain Thursday evenings at the Indian Springs Village Town Hall, horse enthusiasts will find members of the Shelby County Horse Network meeting to connect with each other, to become informed on happenings

and to educate themselves by listening to a variety of informative and entertaining equine speakers.

The club, formed in January of 2012, meets monthly to share in fellowship while advancing their knowledge of horses, horse care and practices, as well as events and activities taking place in the horse community in Shelby County. With all of the horses in Indian Springs Village alone, the club looks forward to continued growth.

Each month, the club presents a speaker offering expertise in areas of horse care, riding safety and other areas of interest to the equine community. In addition, there is just a lot of fun among attendees trading horse stories and meeting new horse friends. Light refreshments are served at each meeting. A nominal membership fee is charged to those wishing to join the Shelby County Horse Network. The fees help to offset the cost of refreshments, the upkeep of the group's website and Face Book page, as well as events organized by the Network. A list of upcoming meeting dates and scheduled speakers is available on the website.

The next meeting will be Thursday, May 2nd. Jackie Hale, owner of James Hale Stables in Columbiana, AL., will speak on how to put on a horse show with a small budget. The following month, the club meets on June 6th. At that meeting, Dr. Scott Owen, DVM, and farrier Mark Rikard will discuss keeping your horse's feet healthy. Every meeting thereafter will be the second Thursday of the month at 7:00 p.m..

Any Indian Springs Village resident with horses, or just an interest in horses, will enjoy this club. For more information, or to join the Shelby County Horse Network, please contact Becca Salamone at (205) 677-6070, or email [info@shelbycountyhorsenetwork.com](mailto:info@shelbycountyhorsenetwork.com). ## **We Bid Farewell** *by Alison Stigers, Editor*

Sadly, Olivia and Gene Weingarten have left Indian Springs Village, although they have settled nearby. Gene served as mayor of Indian Springs for 8 years. Council Member Herb Robins described Gene as a “straight-up, honest gentleman, great to work with and dedicated to the best interests of the town. It was an honor to serve with him.” Olivia, in addition to being First Lady, was also the editor of *The Village Voice* and the last of the original newsletter couriers, commenting that she had been “throwing papers” since the beginning. Together, they were part of the team of volunteers who collected aluminum cans, the redemption of which funded the publication of *The Village Voice*, just one of their many efforts on behalf of the town. We’d like to thank the Weingartens for their many years of service to Indian Springs and wish them well in their new home.

## **Memorial Day, A Time For Remembering** *by Steve Zerkis, Villager*

For the last 145 years, one day has been dedicated to honor the ultimate sacrifices made by Americans in war. We are amidst the 150th anniversary of the Civil War, the 200th anniversary of the War of 1812, 70th of World War II, 60th of the Korean War, 50th of Viet Nam, 30th of Lebanon, 20th of Somalia and 10th of the Iraq War's beginning. That is a lot of American lives to remember on May 27, 2013.

What we are remembering is that our war dead are not just names on a wall, but real people. People like you and I who put on a uniform and were sent to war. Most were very young, some hadn't even completed high school. They were members of our families, schoolmates, our friends and our neighbors. Their lives were cut short so that the rest of us could live in freedom. Let's all enjoy Memorial Day but remember these people.
