RE: MS4 Phase II General Permit
NPDES Permit No. ALR040058
Shelby County (117)
2017 Annual Report

To Whom It May Concern:

As required by the above referenced Permit, we respectfully submit the following information:

a. CONTACTS:

Mayor

Brenda Bell-Guercio, Mayor
Town Hall – Indian Springs Village
2635 Cahaba Valley Road
Indian Springs, AL 35124
Phone (205) 982-1755
Email brenda@indianspringsvillage.org

Town Engineer

A. Frazier Christy, PE & PLS
The E & LS Group, LLC
3621 Kingshill Road
Birmingham, Alabama 35223

Phone (205) 617-0565
Email frazier@enadlsg.com

- b. Overall Evaluation
 - i. Began first year with a very active Citizens Environmental Advisory Committee and made substantial headway toward the implementation of the SWMPP even though we only had a partial year to accomplish the first year's goals.
 - ii. For the first year, our only weakness was that we did not have the full year to meet the goals of the SWMPP. However, we did accomplish those goals.
 - iii. See the attached sheet for the 2017-2018 goals
 - iv. We feel that we have made substantial progress toward improving the water quality by the revisions to our Zoning Ordinance and the establishment of our Erosion and Sediment Control Ordinance.
 - v. None
 - vi. No Monitoring required
- c. Narrative
 - i. We only have the Town Hall Facility. There is a project under construction that improves the overall land use and will insure better "house keeping" in the future.
- d. Summary – See attached sheet for planned goal in second year
- e. Results – We have permitted two sites and have general improvement to the limited construction in ISV.
- f. Notice – we are relying on Shelby County to assist us with routine inspections as part of the general construction permitting process. This has been an long standing relationship and works very well.
- g. Monitoring - NONE

Should you have any questions or need additional information, please feel free to contact us.

Yours,
Indian Springs Village

Brenda Bell-Guercio
Mayor
