Also included was a quote for \$10,120.00 to install a six inch PVC drainage pipe and down spout connections along the east side of the pavilion and an eight inch collector pipe from there to the creek including demolition of existing concrete apron. The Council determined that Councilmember Whatley should be given authority to handle these issues. Whatley made a motion to suspend the rules in order to vote on this issue. Robins seconded and the roll call vote was unanimous. Robins made a motion to authorize Whatley to approve drainage and water service work with a not to exceed \$15,000 budget. Also, he will have authority to approve proposal for concrete work from Birmingham Decorative Concrete work with a not to exceed \$30,000 budget. Whatley seconded the motion and the vote was unanimous.
